1. Examination Board RSM – EUR

Tasks

The legal framework of the Examination Board RSM – EUR is given by Dutch Law, in particular the Dutch Higher Education and Research Act (*Wet op het hoger onderwijs en wetenschappelijk onderzoek- WHW*). The Examination Board has many different tasks. Generally, the following components can be discerned:

1. *Supervisory responsibility* with regard to the final exams, examinations and tests. This responsibility is manifested in the competence of the Examination Board to:
 - a. award the degree certificate;
 - b. appoint the examiners;
 - c. supervise the quality of final exams, examinations and tests;
 - d. take disciplinary action in case of fraud;
 - e. supervise the implementation and execution of the examination regulations with due observance of the common legal principles such as equality, legal security, legitimacy, reasonableness, fair play and so on;
 - f. act as mediator or as the defendant in case of disputes or appeals.
2. *Regulatory tasks*: The Examination Board sets rules and gives instructions to the examiners. These rules have been laid down in the *Rules and Guidelines as well as in the Examination Manual for examiners*. These rules concern matters such as order during examinations, fraud, assessment criteria, compensation rules, classifications (such as (summa) cum laude).
3. *Tasks that are further defined in the Teaching and Examinations Regulation or 'Onderwijs- en Examenregeling'* (TER or OER) established by the Dean. This concerns the granting of exemptions from the OER in individual cases due to personal circumstances or on grounds of the hardship clause (if a rule in an individual case leads to unreasonable consequences). A few examples are: the granting of exemptions for courses, the interim advice within the framework of the binding study advice, the adjustment of the norm of the binding study advice in the case of personal circumstances, granting extra and/or accelerated examinations opportunities.
4. *Advisory tasks*: the Examination Board advises the Dean regarding the Teaching and Examination Regulations.
5. *Mandate*: the Examination Board has been mandated by the Dean to establish the final BSA.

Composition

The Examination Board consists of six members of the academic staff and an external member. All members are appointed by the Dean. The Examination Board collectively sets up rules and policy. The Examination Board as a whole meets once a month. Each member has his own portfolio. The Examination Board is supported by the secretary.

Requests and information

Information concerning examinations can be found on the website of the Examination Board: www.rsm.nl/examination-board. Please consult these sites before contacting the Examination Board. You may first want to take a look in the [Frequently Asked Questions \(FAQ\) section](#) to see whether you can find an answer to your question there.

Brief general questions can be asked by e-mail to ec@rsm.nl or by phone 010 4088731/1895 during opening hours (09.00 – 12.30 hrs.).

Official requests (e.g. requesting extension of grade validity) must be submitted by the EB's webportal: <https://request-eb.rsm.nl/>.

When submitting the request, please include all relevant documentation. Be explicit in addressing the Examination Board. When a course is involved, mention the course's title, the teacher responsible, and the course's code. When a test or examination is involved, mention the course's title and code, the teacher, and the date. Once again, being explicit and clear in your request helps handling it expediently. Finally, always provide motivation as to why the request is submitted and as to why the request should be granted.

In the event that you are asked to hand in a (certified copy of a) certificate, transcript or diploma, you still have to send/show this document in its original form to the Examination Board for verification. These kind of documents will not be accepted in a digital form.

Please take into account that it may take up to 4 weeks before you receive a reply from the Examination Board. The Examination Board communicates decisions via e-mail (RSM staff and students via ERNA-account).

2. Legal protection: Appeals, Objections and Complaints

If you disagree with a decision by a university body such as the Executive Board, the Dean, the Examination Board or an examiner, there are legal redress possibilities. You can submit an objection or lodge an appeal against this decision. Which procedure should be followed is specified by law and depends on the type of decision involved. All decisions should include an appeals clause, which refers to the appropriate legal process. Both procedures are briefly described as follows.

Appeals procedure

A student who objects to a decision of an examiner (e.g. assessments) or the Examination Board may lodge an appeal with the Examination Appeals Board (in Dutch College van Beroep voor de Examens (CBE)) of Erasmus University Rotterdam. In urgent cases, the chair of the CBE can be requested to make provisions.

Only an interested party, that is a person whose interest is directly involved in a decision, can lodge the appeal. The appeal has to be lodged within six weeks of the announcement of the disputed decision. If the appeal concerns a decision that was not made on time, it must be submitted within a reasonable period of time.

The appeal should be submitted at legal.protection@eur.nl to the attention of the CBE-EUR. For further information check http://www.eur.nl/english/essc/legal_position/objections_and_appeals/ or the Student Information Leaflet "Submitting an appeal with the Examinations Appeals Board" (available at the ESSC (Hall E-Building)).

You can also visit the website of the CBE-EUR <http://www.eur.nl/abd/jz/cbe/> (in Dutch), where you can find the CBE's rulings on various disputes.

Before the CBE-EUR deals with the appeal, there is a settlement phase, in which the Examination Board concerned attempts to settle the lawsuit amicably (= formal amicable settlement attempt).

The CBE-EUR assumes that the complainant him/herself will first have made contact with the examiner concerned or with the Examination Board, in order to try to reach agreement (=material amicable settlement attempt). Account should be taken of the fact that meanwhile the period of six weeks for lodging an appeal with the CBE-EUR continues to run. In view of this, a provisional appeal can be lodged for the interim.

If the settlement attempt fails, parties will be invited to a sitting of the Examination Appeals Board. The sitting is in Dutch. Foreign students are recommended to take an interpreter with them to the sitting.

If a student disagrees with the decision of the CBE-EUR regarding their objection, they can submit an appeal to the Higher Education Appeals Tribunal in The Hague within six weeks of the decision.

Further information

For further information check www.eur.nl/english/essc/legal_position/objections_and_appeals

Further information about the procedure can also be obtained from the Secretary of the CBE-EUR by e-mail to cbe@eur.nl.

Objections Procedure

You can submit a notice of objection against decisions by or on behalf of the Executive Board. This mainly concerns decisions on enrolment as a student, decentralised selection, termination of enrolment, payment or refund of tuition fees, financial aid and having been barred entry to the university's buildings, premises or facilities. You can also submit an appeal against the written refusal to make a decision or if a decision is not taken in a timely manner.

Of course, you do not necessarily have to start an appeal or objection procedure if you have a difference of opinion with someone. Talking to the person who took the decision is often enough to resolve the issue.

The notice of objection should be submitted at legal.protection@eur.nl. In all cases the period of objection is six weeks.

Your notice of objection will first be handled by the Advisory Committee on Objections. This Committee advises the Executive Board about your objection, after which the Executive Board reconsiders the case and makes a decision regarding your objection. Before issuing its advice, the Committee will also investigate whether an amicable settlement between parties is possible. The Executive Board shall decide on the objection no later than 10 weeks after receipt of the notice of objection.

If you disagree with the decision regarding your objection, you can submit an appeal with the Higher Education Appeals Tribunal in The Hague within six weeks of the decision.

You can find more information about this Objection Procedure on [this EUR-website](#).

Student complaints procedures for teaching and examinations

The RSM is committed to high quality education and examinations and intends to improve these continuously. Therefore, we need feedback from our students if our courses and examinations do not meet our standards. If students experience dissatisfaction related to the teaching or examinations, it is important that they inform relevant staff members as soon as possible. To that end, RSM and EUR have established the following complaints procedure.

Complaints regarding the teaching, teacher or organization of a course:

In general, complaints about the *content* or *organization* of the programmes can be reported through the various course evaluations that are sent to students at the end of the trimester/semester. The course coordinator/examiner concerned will receive the evaluation feedback of the participating students.

During the trimester/semester, urgent complaints about the *content of a course* should be reported to the **course coordinator** via the designated channels, such as Canvas and/or email.

High-priority or urgent issues with the *organization* of the programme can be reported to the relevant **programme manager**. For contact information, please refer to the [RSM Website](#).

Students considering making a complaint can consult a **student adviser** or a **student counsellor**. They can provide support and advice and may take a mediatory role if required.

1. Complaints regarding the examination of a course

There are four main ways to file a complaint regarding the *examination* of a course:

- a. Course evaluations;
- b. Complaints via the Student Representation RSM;
- c. Individual complaints via the Examination Board;
- d. The EUR legal protection facility.

a. Complaints via course evaluations

In general, complaints about the *examination* of a course can be reported through the **course evaluations** that are sent to students after the examination. The examiner concerned, as well as Programme Management and the Examination Board, will receive the evaluation feedback of the participating students.

b. Complaints regarding a bachelor course via the Student Representation RSM

Individual bachelor students may file individual complaints regarding an examination with the Examination Board as described below in item c. Complaints regarding issues that concern all students (such as disturbances during an examination, a missing page in the exam paper, exam paper lay out, examination format being out of accordance with the relevant material laid out in the course manual and other errors in the questions and/or answer possibilities), a specific protocol is applicable to ensure that the complaints can be dealt with in an *efficient and effective* manner. These complaints that regard all students must be submitted through the **Student Representation RSM**. In response to the examination in question and the corresponding answer models published on Canvas, students must submit their motivated reaction of dissatisfaction within one week via

feedbackBA@rsmr.nl or feedbackIBA@rsmr.nl. After this period, new comments will no longer be up for consideration. SR collects and groups the comments and sends these to the examiner no later than two working days prior to the plenary perusal session. The examiner/course coordinator shall respond to the received SR comments during the perusal. In the event that the examiner is considering deviating from the assessment ruling as a result of the perusal session, approval of the Examination Board is required. The examiner must post a final response to the collected comments by the SR on Canvas no later than four weeks after the examination/test has taken place. This final Canvas response concludes the perusal procedure.

If, after completion of the perusal procedure, the SR believes that the problem has not been resolved in accordance with expectations, the SR may submit a complaint to the Examination Board via the [web portal](#).

The Examination Board will investigate the complaint filed, based on the submitted documents, and will conduct its own research in conjunction with these. In all cases, both the SR and the examiner will be heard. Within six weeks of lodging the complaint, the Examination Board will inform the complainant of its subsequent findings and any conclusions that may have been reached. In general, such findings and conclusions drawn by the Examination Board are not appealable.

c. Complaints directly via the Examination Board

If a student has a complaint regarding the *organization of the examination* (e.g. a student has been barred from entering the examination hall), the complaint may be filed with the **Examination Board** via its [web portal](#). All relevant documents, such as the examiner's or invigilator's response, must be attached to this submission. The complainant will receive an automatic confirmation of receipt. The Examination Board will investigate the complaint on the basis of the submitted documents and additionally will conduct its own research. Both the complainant and the involved examiner or invigilator will be heard in the following investigation. Within six weeks of lodging the complaint, the Examination Board will inform the complainant of its subsequent findings and any conclusions that may have been drawn. In general, such findings and conclusions drawn by the Examination Board are not appealable.

Please note that a complaint cannot concern an *individual decision*, such as the grade awarded by the examiner. If a student disagrees with his/her final grade after the examiner's feedback and the perusal, the student may lodge an appeal with the **Examination Appeals Board** via the EUR Legal Protection Facility: legal.protection@eur.nl. The appeal must be made within six weeks of the announcement of the grade. The Examination Board will not take complaints regarding examinations into consideration if the student concerned could have lodged an appeal. Therefore, complaints submitted after the period of six weeks (commencing on the day following the day of the decision's announcement) will *not* be taken into consideration.

d. EUR Legal Protection Facility

In addition to the RSM complaints procedures as described above, students can submit a formal complaint with the EUR central facility to which all complaints and notices of appeal and objection can be submitted via e-mail: the **EUR Legal Protection Facility** via legal.protection@eur.nl. Complaints can also be submitted via post to the EUR Legal Protection Facility, room A2-07D, Post box 1738, 3000 DR Rotterdam. If you do not wish to use this particular facility, you may also submit your complaint in person to a **student counsellor**. You can make an appointment with a student counsellor through the ESSC.

For the examinations of course year B1 applies that once the BSA norm as specified in article 9.1 paragraph 2– whether or not by means of compensation – is met, these examinations may not be retaken.
5. Without prejudice to applicable regulations regarding a period free of examinations, and with due observance of the other provisions set out in these regulations, and of the R&G established by the Examination Board, the Programme Director establishes an examination schedule before the start of the academic year. In the event of urgent exceptional circumstances, the Programme Director can change the examination schedule during the academic year, provided that the change is announced in good time, and no later than the start of the registration period of the examination period concerned, via appropriate channels such as Sin-Online.
6. In exceptional cases the Examination Board can, at the request of the student, decide that an extra opportunity to take an examination will be offered, in derogation from the examination schedule.
7. If no indication is given in these regulations concerning how many times per academic year an examination can be taken, because that examination relates to an examination part that is not taught in the programme, the provisions on this matter in the relevant Teaching and Examination Regulations are applicable, unless the Examination Board has made a decision in derogation from these, on the understanding that it must be possible to take the examination at least once per academic year.

Article 3.2 – form of the examinations

1. The examinations of the programme are taken according to the test types described in Article 1.3 sub f. Furthermore, attendance requirements may be set as a prerequisite for assessment, provided that this is well substantiated by the examiner and published in the course manual. The Examination Board may allow deviations from this rule.
2. If the Examination Board decides that the form as referred to in the foregoing paragraphs shall be different, it will announce this to the students no later than two months before the examination is to be held.

In derogation from the preceding paragraph and as long as the final IBA exam has not been passed yet, the Examination Board, in consultation with the Academic Director, may declare the term of validity of a course passed more than six years ago, expired if – in its judgement – the knowledge, insights or skills taught during the course have become obsolete. In that case, the Examination Board can impose an additional or alternative course or examination, before the student may pass the final IBA exam.
3. If the examination of a course is composed of more than one test, the term of validity of each test shall be limited to the academic year in which the tests are taken, unless the examiner explicitly determined otherwise in the course manual.

Article 4.3 – Feedback and Perusal

1. As soon as possible but no later than four weeks after the written test, the examiner will give generic feedback. The examiner will provide information about the content of the written test and the correct answers/answer models in an explanatory session or via another approved

medium. This offers students the opportunity to review the questions and assignments of the exam concerned, along with the answer models and criteria for assessment. The examiner sets the date, time and procedure of the feedback. The feedback must be realistically managed and the use of appropriate media (such as Canvas) is allowed.

2. As soon as possible – or at the same feedback session – but no later than four weeks after the feedback, students will have the opportunity to peruse their own assessed exam. The perusal takes place on the basis of a (digital) copy only. A paper copy may be charged at cost price. The examiner may determine that the perusal is only for students who registered for it and/or who have attended the feedback meeting. The examiner sets the date, time, location and procedure of the perusal. In case of a 100% mc-test and the answer key and mc-answer forms are available, the examiner is exempted from organizing the perusal.
3. In the event that a student can demonstrate that he/she was prevented from being present at the assigned location and time for the feedback or the perusal due to force majeure, at the request of the student an alternative opportunity will be offered, if possible within the term mentioned in paragraph 2.

Section 8 – Study Counselling

Article 8.1 – study counselling and advice

1. The Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) is responsible, without prejudice to the respective provisions of the Executive Board, for recording the study results in such a way that each student can be given

an overview at least once per quarter of the results that he/she has obtained in relation to the study and exam programme of the programme.

2. The Dean is responsible for the study counselling of students who are enrolled for the programme, partly in order to assist their orientation towards possible study paths within and outside the programme.

Section 9 – The Binding Study Advice

Article 9.1 – Binding Study Advice (BSA)

1. On the grounds of article 7.8b, paragraph 3 of the law, on behalf of the Dean, the Examination Board issues a binding study advice at the end of the study year, as long as the student has not yet passed or has been exempted from the first-year phase (B1) of the programme.
2. Unless otherwise mentioned in these TER, at the end of the first year of enrolment all examination parts of the degree programme of the first year (B1) must have been passed. In this regard exempted or compensated parts are considered to be passed.
3. When a student fails to comply with the binding study advice norm as referred to in paragraph 2 of this article, he/she will receive a negative binding study advice which means he/she is prohibited to further studies. This rejection is given only if the student, with due consideration of his/her personal circumstances, is not regarded as suitable for the programme. This prohibition is valid for a period of three academic years.
4. The binding study advice shall be issued after the last re-examination of the examination parts of the first-year phase (B1) at the end of the academic year, before the start of the new academic year. In case of personal circumstances, the Examination Board may postpone the binding study advice until the end of the second year of enrolment, before the start of the new academic year.
5. Once the binding study advice has been issued, students may no longer retake any B1 courses, except for the B1 courses for which EC credits have not yet been obtained.⁴

Article 9.2 – Student counselling and monitoring of students' progress

1. During the first year of enrolment, the Examination Board issues on at least two occasions (after the first and after the second term) a provisional binding study advice regarding continuation of studies to those students who, on the grounds of the obtained number of EC, are not expected to fulfil the norm stated in article 9.1, paragraph 2 of these regulations.
2. The further regulation of student counselling and monitoring of students' progress during the first-year phase (B1) is described in the Undergraduate Catalogue for the programme.

Article 9.3 – Exception to the BSA-norm in case of personal circumstances

1. On behalf of the Dean, the Examination Board can adjust the norm as referred to in article 9.1, paragraph 2, on the base of an individual study plan, provided that the student must pass all examination parts of the degree programme of the first year (B1) at the end of the second year of enrolment.

The Examination Board shall decide as soon as possible, but in any case, within four weeks after submission of the individual study plan, taking into account the circumstances, the study delay and the possibility of the student to continue the programme. In case the development of the personal circumstances gives cause to, the Examination Board can adjust the individual study plan and the norm on motivated request of the student and after consultation with the student adviser.

The adjusted norm will be expressed in whole EC credits or number of courses, specifying the period within which the adjusted norm must be met.

2. The personal circumstances that are taken into consideration when the recommendation regarding the continuation of studies is issued are:
 - disease, sickness, handicap, disability or pregnancy of the student concerned;
 - special family circumstances;
 - membership of the University Board, the Faculty (School) Board or the Programme Committee;

⁴ B1 courses that have been passed through compensation can also not be retaken after the final BSA has been issued, since compensated courses are awarded EC's.

- other circumstances as referred to in article 2.1 of the Implementation Decree of the Higher Education and Research Act (*WHW*).
3. A student who, as a result of personal circumstances, can reasonably be expected to incur prolongation of the programme must report this in good time to the student adviser. The purpose of this report is to restrict the prolongation of the programme as a result of the circumstances and, if necessary in the opinion of the student adviser, to formulate an individual study plan. The report is made in good time if it is made within four weeks of the commencement of the circumstances. If the circumstances are such that the student or the manager of his/her affairs does not have the opportunity to report this within four weeks, the reporting in good time or otherwise will be assessed in the light of those circumstances. If the individual study plan also implies that the first year (B1) cannot be completed within the first year of enrolment, then the individual study plan needs to be submitted to the Examination Board for approval no later than two weeks before the end of the first academic year.

Article 9.4 – Derogation from the BSA-norm in case of hardship

1. In case article 9.3 is not applicable but application of the norm as referred to in article 9.1, paragraph 2, would be onerous because it cannot be sustained that the student must be regarded as unsuitable for the programme, the Examination Board can derogate from the norm on behalf of the Dean. For the purpose of this hardship exemption, the Examination Board will take all students (freshmen only) with one non-compensable insufficient grade or two fails into consideration at the end of the academic year, but no later than the start of the new academic year. Decisive factors for application of the hardship exemption are the average grade and the overall picture of the study performance of the student
2. If application of the rules of this Section result in any other way in unreasonable or unfair situations with respect to the student or a group of students, the student or group of students concerned may submit a written and reasoned and substantiated request for derogation from the said rules to the Examination Board. On behalf of the Dean and after consultation with the student adviser, the Examination Board can derogate from these rules in favour of the student or group of students.
3. Students who may continue their study on the basis of hardship will receive a definitive binding study advice at the end of the first year of enrolment, before the start of the new academic year. However, they still must complete B1 before they may pass the final exam (with the application of the compensation rule). In derogation of Article 9.1, paragraph 5, after having received the binding study advice they may retake the failed B1 courses until B1 has been completed.

Article 9.5 – Content and form of the binding study advice

The binding study advice is issued by e-mail (student account address) and contains:

- a. the norm that applies for the student concerned, expressed in the number of EC and/or courses of the first-year phase (B1) to be obtained;
- b. the number of credits and/or courses of the first-year phase (B1) obtained;
- c. if the norm has not been met, the personal circumstances that have been taken into consideration;
- d. whether a rejection has been asserted (i.e. negative binding study advice), as referred to in article 7.8b, paragraph 3 of the law;
- e. in case of a negative binding study advice:
 - the information that the student may not enrol as a student or external student for the programme for the next three academic years,
 - advice about continuation of studies within or outside the Erasmus University Rotterdam;
- f. the possibility to lodge an appeal to the Examination Appeals Board (*CBE*) and the period within which the appeal must be lodged.

Section 10 – Final and Implementation Provisions

Article 10.1 - amendments changes

1. Amendments to these regulations will be adopted by the dean RSM through a separate decree.
2. No amendments will be made that are applicable to the current academic year, unless the interests of the students are, in reason, not thereby prejudiced.

3. Moreover, amendments must not influence, to the detriment of the students any other decision, which has been taken with respect to a student by the Examination Board by virtue of these regulations.

Article 10.2 - hardship clause

In very exceptional individual circumstances, in which application of one or more of the provisions set out in these regulations leads to evidently unreasonable and/or unfair situations with regard to a student, a student can submit a request in writing, and with reasons, for derogation from the said provision(s) to the Examination Board. The Examination Board may, after consulting the relevant examiner(s) and the student advisor or student counsellor, derogate from the said provision(s) in favour of the student. A decision to reject the student's request will not be made by the Examination Board until the applicant has been given the opportunity to present his or her case, if this is requested.

Article 10.3 – announcement

The dean RSM is responsible for an appropriate announcement of these regulations and of amendments to these documents.

Article 10.4 – entry into force

These regulations enter into force on 1 September 2018.

Article 2.1 – exemption from practical exercises

A request for exemption from the obligation to take part in practical exercises, as referred to in article 2.4 of the Teaching and Examination Regulations, should be submitted by the student in writing, with reasons and supported by documentation, to the Examination Board at least four weeks before the practical exercise for which exemption is requested is scheduled to begin. In exceptional cases, the Examination Board may permit derogation from the period stated in the last sentence.

The Examination Board makes a decision within four weeks of receiving the request. The student is informed immediately of the decision.

Article 2.2 – exemption from a course examination

1. A request for exemption from a course examination, in keeping with legal requirements, should be submitted in writing to the Examination Board along with an explanation of the reasons and documentation. The Examination Board can establish additional regulations regarding the procedure. These regulations will be published on the Examination Board website.
2. With due observance of the provisions set out in Section 5 of the Teaching and Examination Regulations, the Examination Board takes a motivated decision within four weeks after the request has been lodged. The student will be informed immediately of the decision.
3. If a student already has exemption under the provisions of or by virtue of the law for one or more examination parts, he/she should report this to the Examination Board.
4. When the result of the examination is established, an exemption is not taken into consideration; the exemption is indicated on the list of grades with an 'E'.

Section 3 – Rules concerning good course of things during examinations and tests

Article 3.1 – registration for examinations and written tests

1. A student who is registered for a course in Osiris will be automatically registered for all of that course's tests with the exception of the re-sit, if applicable. Registration for a re-sit is possible via Osiris during the registration period starting 35 days before the test and expiring seven days before the test. During this period, registration is also possible at the ESSC.
2. In any one-examination period, the student may register for no more than 8 examinations.
3. The Head of Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) can, with the approval of the Examination Board, establish specific rules for properly registration in examinations, by virtue of the Teaching and Examination Regulations of the programme and the R&G of the Examination Board. These specific rules will be announced in a proper manner in sufficient time.
4. After the official registration deadline, students can still register at the ESSC counter up to two working days before a test, for an administrative fee of € 20,00 per test. Students will receive a receipt which they should take to the test as proof of registration for the test. In case this late registration period of two working days of the ESSC has expired, students from RSM can still register, but only after paying € 20,00 administration fee (no refund possible) via the online EBS paying system via this link: <https://lateregistration.rsm.nl>. This fee has to be paid on the day of the examination at the latest. If the payment is done, the student will receive a confirmation on the student e-mail account. In addition, the Examination Board will inform the Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) and the Programme Manager that the grade for the test can be registered in Osiris.

5. Anyone who has not registered for a final exam or examination in accordance with the provisions of or by virtue of these R&G may not take part in the final exam or examination concerned. If, notwithstanding the foregoing, the student nevertheless takes part in the final exam or examination, the examiner or the Examination Board will not establish a grade.
6. Students who received a campus ban from the Executive Board of the EUR, may not participate in the tests in the designated examination rooms and halls of the Woudestein-complex of the EUR during the ban.

Article 3.2 – entering and leaving the room in which the written test is being held

1. Only a student who has registered on time and correctly for the written test may take part in the examination concerned, and will be admitted to the room where the written test is being held.
2. Admission to the hall where a written test is organized is declined fifteen minutes after the start of the written test concerned. A student who is admitted to the hall after the start of the examination concerned must ensure that he/she causes as little disturbance as possible to the students already present.
3. A student taking part in the test may not leave the room earlier than one hour after the start of that test. A student who leaves the test before the end of the test concerned should ensure that he/she causes as little disturbance as possible to the students still present.
4. A student taking part in the test may, on request and with the permission of the examiner or the invigilator, leave the test's hall (M-hall in the Van der Goot Building) a while to use the toilet as from one hour after the start of the written test until half an hour before the end of the test. This permission is granted only to one student at a time. In exceptional cases, the examiner or invigilator may derogate from these rules in favour of the student.
5. Personal belongings such as coats, bags, mobile phones, watches and other items that are not allowed to be used during the written test are not allowed to be brought into the hall where the test is held. These must be placed outside the test room in lockers, if available. If no lockers are available, coats must be placed over the chair. Bags must be closed and out of reach of the student. Watches, mobile phones and such must be switched off and out of reach of the student.
6. Scrap paper, examination questions, answers and other examination-related documents may not be taken from the room during and after the examination. Only when clearly indicated on the front page of the test paper, scrap paper may be taken by the student after the official examination time has elapsed.
7. The Head of Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) can, with the approval of the Examination Board, establish specific rules concerning entering and leaving the room in the Van der Goot (former M-) Building in which the written tests is being held, by virtue of the Teaching and Examination Regulations of the programme and the Rules and Guidelines of the Examination Board. These specific rules will be announced in a proper manner in sufficient time.

Article 3.3 – general provisions concerning order during the written test

1. On behalf of the Examination Board, the invigilators appointed for this purpose are charged with maintaining order during the written test. An examiner may act as invigilator.
2. Every student should comply with the instructions of the invigilator. If a student does not comply with the instructions of the invigilator, or does not obey his /her request, the invigilator may exclude him/her from taking further part in the test, with the consequence that no result will be established.
3. During the written test, the student must, at the request of the examiner or the invigilator, prove his/her identity with a valid proof of registration (student card) or another legally valid proof of identity.
4. Only a valid proof of registration (student card), another legally valid proof of identity, the registration verification, the exam paper and answer sheet, writing materials and a ruler may be placed on the candidate's desk. No study material such as a (graphical) calculator, literature or other sources of information may be placed on the student's desk unless explicitly authorized by the examiner in advance and stated on the front page of the test paper. These study aids (without any notes on them) are solely for the student's own use. During the examination the candidate is not allowed to make use of a dictionary. In addition, a maximum of one cold snack and one bottle of non-alcoholic drink are allowed for own use. The use of food and drink should not in any way cause inconvenience, at the discretion of the principal invigilator.

5. A student taking part in the test is obliged, on request of the invigilator, to show, and if requested, to hand over, the materials that he/she has with him/her.
6. Only the paper provided by EUR is to be used for the written test. The use of the student's own paper is not permitted.
7. A student taking part in the written test should write his/her name, signature and student /examination number on each sheet of paper that is handed in. The invigilator checks whether this has been done correctly before the test is handed in to him/her.
8. The Head of Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) can, with the approval of the Examination Board, establish specific rules concerning the order during the written test in the Van der Goot (former M-)Building, by virtue of the Teaching and Examination Regulations of the programme and the Rules and Guidelines of the Examination Board. These specific rules will be announced in a proper manner in sufficient time.

Article 3.4 – fraud

1. If in the matter of taking an examination, fraud – within the meaning of article 1.2, paragraph 2 – is detected or suspected, this is set down in writing as soon as possible by the invigilator or the examiner whom he/she must call in. The invigilator or the examiner may ask the student to make available any items of evidence. A refusal to do this is recorded in the written report. The student is given the opportunity to add written comments to the written report of the invigilator or examiner. The written report and any written comments are handed over to the Examination Board as soon as possible.
2. The Examination Board or the examiner may exclude a student who has committed fraud from further participation in the examination during which the irregularity was detected, and/or take other appropriate measures. The exclusion has the consequence that no result will be established for the examination concerned. Before the Examination Board decides to make the exclusion, it gives the student the opportunity to give his/her account.
3. The other appropriate measures as referred to in paragraph 2 may consist of, among others, the following sanctions:
 - a. reprimand;
 - b. invalidation of the examination concerned;
 - c. exclusion from one or more examinations;
 - d. exclusion from one or more examination periods;
 - e. a combination of the above measures to a maximum of exclusion for at most one year;
 - f. in a serious case of fraud the Examination Board may advise the Executive Board to end the enrolment for the programme of the person concerned once and for all.

Section 4 – The examinations, tests and assessments of the courses

Article 4.1 – The questions and assignments, assessment plan, peer review protocol and publication exam questions

1. The form of the examination of a course as mentioned in article 3.2 of the Teaching and Examination Regulations will be announced in the course manual.
2. The examination of a course must meet the following conditions: valid, reliable, transparent and efficient. These conditions are detailed in the RSM's testing policy document.
3. The questions and assignments of the examination of a course do not go beyond the sources announced in advance from which the examination material is derived. These sources need to be announced in the course manual before the start of the course.
4. The examination of a course is representative of the learning objectives of the course in terms of content and form and in line with the end terms of the degree programme. This is documented in a course assessment plan that will be published in the course manual.
5. The questions and assignments of an examination are clear and unambiguous, and are asked in such a way, or contain such instructions, that the student can know how comprehensive and detailed the answers must be.
6. Well in advance of a written test being held, the examiner gives the students the opportunity, if possible, to peruse a written sample of a similar examination, and also the model answers and the norms on the basis of which the assessment was made.
7. The duration of the examination is such that examinees have sufficient time, measured according to reasonable criteria, to answer the questions.

Examination Regulations IBA 2018 - 2019

8. In advance of the test concerned being held, the examiner asks a colleague to check the test on the instructions mentioned in this article. The Examination Board may prescribe a peer review protocol.
9. The examiner will post the examination questions and (model) answers on Canvas right after the exam so that students can check which questions they have answered (in)correctly. If a student lodges a complaint to the Examination Board then this information should be included to substantiate the complaint.
Upon the examiner's request the Examination Board may grant the examiner an exemption from posting the answers on Canvas in the event of important reasons.

Section 5 – The Assessment

Article 5.1 – assessment criteria

1. Wherever possible, assessment of written tests, takes place on the basis of previously established model answers and criteria, which can possibly be modified as a result from correcting the tests.
2. The assessment method is sufficiently transparent that the examinees can see how the results of the tests were established.
3. In cases of tests of an examination given and assessed by more than one examiner, the Examination Board ensures that the examiners' assessment is based on the same criteria. If necessary, it shall appoint a supervising examiner for conducting the tests.

Article 5.2 – determining the grades: rounding off, averaging, passing, grade floor, bonus assignments

1. Course examinations and tests are assessed with grades on the scale 0.0 - 10.0, accurate to one decimal point, where a 5.5 is the lowest pass grade.
In derogation from this rule, sufficient results of language electives and other courses taken (whether or not in the context of an international exchange programme) at a foreign university will be registered as a 'pass'. Furthermore, practical tests such as practical exercises, presentations or participation performance, may be assessed with a 'pass' or 'fail'.
Tests assessed with a 'pass' or 'fail' cannot be averaged nor included in the GPA calculation as referred to in article 6.2, paragraph 1.
2. If grades have to be rounded off and averaged – within a course, or between courses or to determine the GPA or the classification – the following rules apply by default:
 - Unless otherwise stated in the Undergraduate Catalogue or the relevant course manual, grades are averaged according to the weighted average of the credits, where the average is rounded off to the nearest decimal place. For example, if rounded off to one decimal place, 5.450 is rounded to 5.5, and 6.9449 is rounded to a 6.9. If rounded off to two decimal places (for example to calculate the overall GPA or a cum laude) a 8.2449 is rounded to a 8.24 and a 8.2450 is rounded to a 8.25, etc.;
 - In case the assessment of a course is based on more than one test, then the rule applies that the separate tests are rounded off at one decimal place and the final grade is rounded to one decimal place. All intermediate computations are not rounded off. The same applies if the assessment of one test in fact consists of two parts (such as partly multiple-choice questions and partly open questions): both parts must be considered as separate tests. For example:

weighing factor	Grade per test unrounded	Grade per test	correct is	incorrect is
20%	6.32	6.3	1.26	1.3
80%	5.58	5.6	4.48	4.5
final grade:			5.74	5.8
			5.7	5.8

3. If the examination of a course is assessed on the basis of more than one test, no final grade for the examination will be calculated if one of the test grades is lower than a 4.5. Tests that can be taken only once per academic year, most likely practical exercises, presentations, participation performance and team or individual assignments, are exempted from this rule.

4. To encourage students to study, bonus assignments can be assigned to a course. Participation is not mandatory. Passed assignments can be awarded with bonus credits up to a maximum of 1.0. The term of validity of the bonus credits is limited to the academic year in which the bonus assignment is taken. In Bachelor year 1 bonus credits should be valid in addition to the regular exam as well as the resit. If the course concerned is part of both the BA and IBA programme, the bonus assignment should be implemented in both programmes. Examiners can stipulate additional rules to bonus credits like for instance bonus credits are only valid if the final grade is ≥ 5.5 or bonus credits are only valid in addition to the regular exam and not the resit (only an option in Bachelor 2 and/or 3). Additional rules to bonus credits must be explicitly announced in the course manual. The Examination Board may stipulate further rules concerning bonus assignments.
5. Additional rules of examiners concerning the assessment (e.g. with regard to the weighting of examination parts and/or regulations on lower limits must be:
 - approved in advance by the Examination Board, and
 - announced at least two months before the examination is held, by means of a written announcement to the Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM), and by means of publication in the obligatory study material and/or in the Sin-Online Course Guide and/or in the Erasmus Magazine and/or on SIN-online.

Rules that do not comply with these conditions are null and void, and have no legal force.

6. For the establishing of grades for a multiple-choice test the following principles apply:
 - a. No wrong answers in the test counts as a 10.0.
 - b. All questions incorrect up to and including the number of correct answers that correspond with the random guessing counts as a 0.0 This means that the '0.0' amounts to: (the number of multiple choice questions)/(the number of response alternatives). For instance 40 questions and 4 response possibilities: $40 / 4 = 10$: 10 answers correct counts as a 0.0.
 - c. Each question has equal weight. The weight per correct answer above the random selection then is in case of for example 40 four choice questions: 30 ($40 - 10$) questions make the difference between a 0.0 and a 10.0 (so 10 points): so, each question is worth $10 / 30 = 1/3$ points.
 - d. The standard cut score for pass/fail is set on 5.5. In case of for example 40 four choice questions the cut score is at 27 correct answers, rounded off ($10 + 5.5/ 0.33$). The grade will be a 5.7.

If an examiner concludes that a multiple-choice question is incorrect after the examination, this question should be dropped. Consequently, the multiple-choice test will have fewer questions and this can affect the cut score of the examination as well as the weight of each good answer in the grade of a student.

Only if the exam question in itself is correct but has more than one correct answer, it remains part of the multiple-choice test. If all answers to a question are considered correct, it does not assess anything i.e. has no value, and will therefore not count as part of the examination and should be removed.

Examiners may only derogate from these instructions with the approval of the Examination Board.

Section 6 – The Final IBA Exam

Article 6.1 – establishment of the result of the final IBA exam

1. Students have passed the final IBA exam when they have taken all examination parts, with pass grades or exemptions.
2. As an exception to the first paragraph, students may pass the exam with a 4.5 or higher for one examination part of the course year B1, provided that all components of course year B1 were passed, with the exception of the component with the 4.5 or higher, and this insufficient grade is compensated for by at least one rounded 7 or higher for another component of B1.
3. In addition, students may pass the final exam with compensation of one failed course under the following conditions:
 - it concerns a course of the year B2 or B3 with the exception of trimester 7 courses with a value more than 7,5 erts, the Research Training/Bachelor Thesis and the courses that are part of the Sandwich Year (if applicable), and
 - the grade of the failed course is between 4.5 – 5.5, and

Examination Regulations IBA 2018 - 2019

- the grade point average mentioned in article 6.2 paragraph 1 is at least 7.0.
This compensation rule will only be applied by the Examination Board upon the student's request.
- 4. On behalf of the Examination Board the Head of Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) establishes the results of the final exam, in accordance with the Teaching and Examination Regulations of the programme and the R&G of the Examination Board.

Article 6.2 – GPA calculation, (summa) cum laude classification

1. The grade point average (GPA) is the average grade for all of the examination parts weighted on the basis of the credits and rounded to the nearest tenth of a decimal (hence, a 5.45 will become a 5.5). The GPA will be recorded on the transcript that accompanies the certificate.
2. If the examinee has shown exceptional skill while taking the examination, this may be stated on the certificate with the words '*cum laude*' or '*summa cum laude*' in accordance with the following rules:
 - The classification '*cum laude*' will be awarded if the student has fulfilled at least the following criteria:
 - the average of the rounded grades (to the first decimal) for the examination parts, as referred to in article 2.3 of the Teaching and Examination Regulations, calculated on the basis of the credits is an 8.25 or higher, in addition to which
 - no rounded grade for an examination part may be lower than a 5.5, and
 - no more than two examinations have been taken more than once (this criterion applies from cohort 2014-2015).
 - The classification '*summa cum laude*' will be awarded if the student has fulfilled at least the following criteria:
 - the average of the rounded grades (to the first decimal) for the examination parts, as referred to in article 2.3 of the Teaching and Examination Regulations, calculated on the basis of the credits is a 9.0 or higher, in addition to which
 - no rounded grade for an examination part may be lower than a 5.5. in addition to which
 - no examination has been taken more than once.
 - For the establishment of a classification, exemption has been granted for no more than 40 EC of B2/B3 examination parts and a minimum of 120 EC of the total required EC of the programme needs to consist of examinations taken in the programme of RSM Erasmus University.
3. In addition to the previous paragraphs: exemptions and results of examinations that are awarded with a pass/fail, for example examinations taken in the context of an international exchange programme at a foreign university, are not included in the determination of the classification.
4. The GPA referred to in paragraph 1 can be converted to internationally current (number or letter) grades according to the [GPA transformation table](#) set out in the Annex to these Rules and Guidelines. On the Osiris study progress report the international GPA on the four-point scale is listed in accordance with the said Annex, in addition to the GPA referred to in the first paragraph.

Article 6.3 – the certificate, the transcript and the diploma supplement

1. To show that the final IBA exam has been passed, the Examination Board awards a degree certificate, after the Executive Board has stated that the procedural requirements for the issuance have been met.
2. On a transcript, which constitutes a part of the degree certificate, the examination parts belonging to the final IBA exam are stated.
3. The degree certificate is accompanied by a diploma supplement in accordance with the agreed European standard format.
4. The degree certificate, the transcript and the diploma supplement are signed by the chairman or the substitute chairman of the Examination Board.
5. On behalf of the Examination Board, the Head of the Student Administration Erasmus University (Team Study Progress & Diploma Administration - RSM) shall be responsible for issuing the certificate, the transcript and the supplement to the student in person, unless the student opts for receiving the documents from the Examination Board at the official graduation ceremony.

Section 7 – Final and implementation provisions

Article 7.1 – changes in these R&G

No changes will be made that are applicable to the current academic year, unless the interests of students or examinees are, in reason, not thereby prejudiced.

Article 7.2 – entry into force

These R&G enter into force on 1 September 2018.

Made by decree of the Examination Board RSM, Erasmus University on date 2018.
