

Requirements for non-EUR students

IBA courses are only available for students who are currently enrolled in an English-taught Bachelor programme from a Dutch research university and who meet the general admission requirements for the BSc IBA programme (please refer to the overall grade, mathematics, and English requirements on the www.rsm.nl/bsciba site). If you do not meet the requirements or if you have not been granted permission to follow a course due to capacity restrictions, you will be notified by email.

Please note: it is only possible to follow elective courses free of charge if you have not previously obtained a Bachelor's degree. More information can be found [here](#).
