

## **About Us**

An international supply chain manager headquartered in Rotterdam that trades commodity grains and oilseeds as well as proteins. The company is positioned as a supplier /seller in markets, which require expertise in all the key areas of the commodity value chain. Supplies come from within the Group as well as from the international markets. Customers are the feed, food and fuel industries. The company in Rotterdam trades around 14mln tons /year and within the group the trade portfolio amounts to around 30mln tons/ year of grains and oilseeds. Developing specialty business is key for the company

Working for this trading house is operating in an international environment, both with regard to your external clients as well as with regard to your colleagues. The company buys and sells and distributes in many countries. Their multilingual and culturally diverse office environment reflects this.

## **What We Look For**

The international trainee will participate in a 2-year trainee program consisting of 3 to 4 (international) steps in Rotterdam as well as other international entities. The aim of the program is to train & develop participants to be able to take up more responsible roles in a professional traders or Financial position and on a longer term into a functional specialism or management role.

## **What We Offer**

- The possibility to work in a rapidly growing international trade company
- A dynamic work environment with short lines and a strong focus on your development
- Excellent working conditions (primary & secondary)

During the program, participants will receive coaching by their direct manager as well as by a dedicated coach that overlooks the whole program. You will also be a member of Young Cefetra. Young Cefetra is for employees up to thirty years and organizes learning and fun activities for employees within Cefetra. They also schedule a Social Project for all employees of Cefetra to contribute to society and the city of Rotterdam
