

## DHL Supply Chain NL & DE – Fair & Speed Interviews

### About Us

DHL is committed to bringing in and developing talent across all levels of the organization. The roles and opportunities available within DHL are as diverse as the people who perform them. Many of our employees spend their careers in various roles progressing through different departments and divisions.

We think this says a lot about the business which is something we're exceptionally proud of! To help us continue to run the successful business DHL is today, we invest a significant amount of time, effort and attention in our emerging talent – who we truly see as our leaders of the future!

Our solutions are powered by trade, logistics and the drive and passion of all our employees. In every country, across all divisions at DHL, we each have the potential to make a global difference. But there's more to a role at DHL than the work we do. Whether you're a global manager or a marketing assistant, driving a forklift or flying an aeroplane, we never forget that it's you who makes us who we are. Which is why we work hard to make sure a career with the group is as satisfying and successful as it can possibly be.
