

### About Us

As a global leader in beverage alcohol, our 200+ brands are part of everyday celebrations in over 180 countries. Our ambition? We want to be one of the best performing, most trusted and respected consumer products companies in the world.

Ever since Arthur Guinness took out a 9,000 year lease on a Dublin brewery, some 250 years ago, we became a business that is defined by the character of the people who work here. It took immense character from Alexander Walker to convince the captains of every ship in the port of Glasgow to take crates of Johnnie Walker to the four corners of the world. Today, nothing's changed. We're proud to be more than 30,000 talented people.

While they make our iconic brands ever stronger around the world, we help them go further than they thought possible. In fact, we're helping to define their career growth through stretching roles and exciting development opportunities. Diageo is where you'll find a wide variety of personalities, experiences and perspectives, wherever you're based in the world. It makes for a stimulating and rewarding working environment, where everyone can flourish.

### What We Look For

We're looking for graduates who are both focused and far-sighted; those who can do a brilliant job right now without ever losing sight of the horizon. You'll be the kind of creatively restless, energetic, team-spirited person who follows your instincts, takes educated risks and looks to champion, influence and inspire at every turn.
