

Nike – Fair

About Us

NIKE, Inc. does more than outfit the world's best athletes. It is a place to explore potential, obliterate boundaries and push out the edges of what can be. Nike looks for people who can grow, think, dream, and create. Our culture thrives by embracing diversity and rewarding imagination. Our brand seeks achievers, leaders, and visionaries. At Nike, it's about each person bringing skills and passion to a challenging and constantly evolving game.

What We Look For

At Nike, it's about bringing what you have to a challenging and constantly evolving game. We are looking for talented students that want to join us in our mission to bring innovation and inspiration to every athlete in the world. Eagerness to learn, the ability to work in a complex international environment and a passion for the Nike brand, retail and sports in general are important assets that we are looking for in our interns. Strong analytical skills and a problem-solving attitude as well as some previous academic, volunteering or internship experience are highly preferred.

In order to be eligible for an internship, you must:

- Be a student for the whole duration of the internship (enrolled in a university/higher education institution);
- Have an EU passport or an EU work permit

What We Offer

Nike offers more than 280 internships every year at its European Headquarters. Get in the game with us, and apply to one of many opportunities starting on February 1st or August 1st. In Nike's paid internship program at its European Headquarters, students get a full immersion into the brand's culture of curiosity and innovation. You will interact with top company leaders, tackle complex business challenges, and can get experience on a wide variety of categories such as Running, Football, Basketball, Sportswear, Women's, and more. There will be internships available, for 6 or 12 months (12 months availability is strongly preferred). Candidates need to be enrolled in university for the entire duration of the internship. Positions available will be in many functions and departments including:

- Advanced Analytics/Data Science
- Digital Product Management
