Teaching and Examination Regulations (TER) of the Bachelor of Science in International Business Administration 2021 – 2022

Preamble:

Pursuant to Article 7.13 of the Dutch Higher Education and Research Act (*Wet op het hoger onderwijs en wetenschappelijk onderzoek - WHW*), these Teaching and Examination Regulations have been established by the *Dean* RSM after consulting the Faculty Council (FC), the Programme Committee (PC) concerned and the Examination Board RSM – EUR. The FC and PC have given their consent according to their lawful approval rights.

These regulations can be adjusted annually due to new developments and policy changes regarding the teaching and the examinations. In principle, the amendments will have legal effect from the first day of the Academic Year. The unaltered parts of the regulations keep their legal force.

Section 1 – General

Article 1.1 – applicability of the regulations

These regulations are applicable to the curriculum and examinations of the bachelor's degree programme BSc in International Business Administration at the Rotterdam School of Management, Erasmus University, hereinafter referred to as the programme.

Article 1.2 – aims of the programme

The programme is intended to impart knowledge, skills and insight in the area of International Business Administration in such a way that the graduate is capable of scientific and socially responsible professional practice in this area and is qualified to take any desired advanced programme to become, among other things, a scientific researcher.

Article 1.3 – definitions

In the regulations, the following words shall have the following meanings:

- a. *Act*: the Dutch Higher Education and Research Act (*Wet op het hoger onderwijs en wetenschappelijk onderzoek - WHW*);
- b. *Rules and Guidelines (R&G)*: the rules, guidelines and instructions of the Examination Board as referred to in article 7.12b of the Act;
- c. *Final IBA exam*: the total assessment of the performance of the student for separate examination parts of the programme, as referred to in article 7.10 of the Act;
- d. *Examination part*: a course of the programme;
- e. *Examination*: every course will be assessed by an examination. Each examination includes an investigation into the knowledge, insight and skills of the student, as well as the appraisal of the results of that investigation. An examination may consist of more than one test.
- f. *Test*: In general, a distinction can be made between a written test and other test types that do not fall under the term written test¹:
 - A **written test** is a plenary individual test (on campus or remote) whether on paper or digital, within a limited time frame of 3 hrs. maximum, with open and/or multiple-choice questions. During a written test it is not permitted to use any other material, equipment (calculator, phone) or resources (such as books or notes) than the ones the examiner allowed in advance (via Canvas) and that are indicated on the examination cover page;
 - Other test types such as:
 - An individual assignment, for example a case, an essay or a thesis²;
 - A group or team assignment, for example a case;
 - An internship;
 - An oral test;
 - A presentation;

¹ Difference is important for example for resit-possibilities, see Article 3.1 TER and rules of order, see Section 3 R&G.

² Assignments with a limited time frame of 3 hrs. or less are considered written tests.

- A practical application (supervised exercise aimed at acquiring a practical skill, for example communication skills);
 - Participation performance.
- g. *EC*: abbreviation of “European Credit” which stands for study credit as referred to in Article 7.4 of the Act. One EC represents 28 hours of study;
- h. *Student*: a person who is enrolled at the university in order to pursue the study course and/or to take the tests and examinations of the programme; for the further application of these regulations, this word also means an enrolled ‘extraneous’;
- i. *Examination Board*: the board referred to in article 7.12 of the Act for administering examinations and for organizing and coordinating the examinations of the programme;
- j. *Academic Year*: the academic year runs from 1 September to the following 31 August (inclusive) of the following calendar year;
- k. *Dean*: head of Rotterdam School of Management, Erasmus University;
- l. *Programme Director*: the Dean of Education in the capacity of programme director as laid down in Article 9.17 of the Act and as referred to in Article 7 of the School Regulations 2017;
- m. *Academic Director*: the person who is authorised by the Programme Director to spearhead the bachelor programme and lead the programme in terms of profile, content, quality, delivery and assessment;
- n. *School*: Rotterdam School of Management, Erasmus University;
- o. *Academic personnel*:
- a. the members of the academic staff of the School,
 - b. the trainee research assistants (PhD candidates) of the School,
 - c. the other academic personnel;
- p. *Academic staff*:
- a. the professors,
 - b. the associate professors of the School,
 - c. the assistant professors of the School.
- q. *Explanatory feedback session*: in Dutch “nabespreking”, as referred to in Article 7.13, par 2, sub q of the Act. It is an important meeting that gives students the opportunity to learn from their mistakes. They have the opportunity to review the questions and assignments of the test concerned, along with the answer models and criteria for assessment.
- r. *Perusal*: in Dutch “inzage” as referred to in Article 7.13, par. 2 sub p. of the Act. It is an opportunity for students to peruse their own assessed written test.
- s. *Student Administration*: Student Administration Erasmus University, Team Study Progress & Diploma Administration – RSM.

Article 1.4 – degree

1. The student who has successfully passed all the examination parts of the programme will obtain the degree of Bachelor of Science in International Business Administration (BScIBA).
2. The obtained degree will be written down on the Bachelor’s degree certificate.

Article 1.5 – teaching language

1. In view of the international classroom, the language of instruction – teaching and examinations – is English.
2. By way of derogation from the previous paragraph, the language of instruction – teaching and examinations – of the courses within the Elective space in B3 as referred to in Article 2.3a may be Dutch or in case of an International Exchange Programme any other language.
3. In cases, the Examination Board can grant exemption from paragraph 1.

Article 1.6 – participation educational activities

Students are expected to participate in every educational activity that the school offers regardless whether the activities are compulsory or not. This concerns not only lectures and study visits but also filling out course evaluations.

Article 1.7 – evaluation of education

1. The Programme Director will be responsible for ensuring the evaluation of education.
2. The Programme Director will inform the Faculty Council and the Programme Committee of the method and frequency with which components of the curriculum are to be evaluated.

3. The Programme Director will inform the Faculty Council and the Programme Committee of the outcomes of the evaluation, the amendments made as a result of this and the effect of the actual amendments.

Section 2 – Composition of the bachelor’s degree programme

Article 2.1 – full-time / part-time

Within the scope of the law, the programme is only offered full-time.

Article 2.2 – study load of the programme

1. The programme has a study load of 180 EC.
2. The study load is expressed in whole EC.

Article 2.3a – composition of the degree programme new style (student cohort 2019 and later)

1. With effect from 1 September 2019, a new style bachelor’s degree programme will be rolled out: a new course year – starting with B1 – per every following academic year. Students of cohort 2019 and later must do the new style programme in accordance with this article. Hence, they are not allowed to do old style courses unless explicitly stated in this TER or in special individual circumstances with the approval of the Examination Board.
2. The examination parts of the new style programme are spread over three Academic Years, specified in B1, B2 and B3. Each course year has a study load of 60 EC. The examination parts of B1, B2 and B3 are as follows:

3. The further descriptions of the examination parts referred to in paragraph 2 including mandatory practical applications, as stated in the Canvas course manuals of the programme, constitute an integral part of these Teaching and Examination Regulations, without prejudice to the other provisions set out in these regulations.
4. The following applies to the Elective space in B3 as referred to in paragraph 2:
 - a. If a student opts for a Minor as referred to in paragraph 2 – B3 sub ii – then the choice is restricted to the for RSM students authorised minors of the *EUR Minor Overview*.
 - b. The courses mentioned in paragraph 2.3a sub vii, may be chosen from external courses only after approval by the Examination Board. The Examination Board will grant their permission if they conclude that the content and level of the elective(s) is of similar university level and supervised and assessed by university examiners and if there is not too much overlap with RSM courses. In this context, the Examination Board may establish a list of approved courses and further policies and approval procedures.
 - c. The International Exchange Programme must consist of at least 20 EC. In case the courses of the International Exchange Programme do not add up to at least 20 EC, the International Exchange Programme will not be registered as part of the degree programme, not as an International Exchange Programme nor as separate electives.
 - d. The maximum number of credits that can be achieved with a language elective is 5 EC.
 - e. The total size of the Elective space should not exceed 30 EC unless the exceeding is caused by the size of one course. If a student chooses to do the International Exchange Programme, then this examination part shall take precedence over any other examination part – such as a minor or internship – into the degree programme. In case a student completes more than 30 EC of approved courses counting towards the B3 Elective space then the student may choose which courses (International Exchange Programme excluded) should be on the grade transcript of the programme (and should thus count towards the GPA). The other course(s) will appear on a separate transcript³. Students should request which elective they would like to appear on their diploma at least 6 weeks before their last remaining course grade is published in Osiris. Requests can be made via the Examination Board’s online request form (<https://request-eb.rsm.nl/>). In case no choice is made, the electives – other than the International Exchange Programme – will be chosen in chronological order.
 - f. The appendix to this Regulation specifies the various combinations possible within the B3 Elective space.

Article 2.3b – composition of the degree programme old style (student cohort 2018 and previous cohorts)

1. Students, who started the degree programme per Academic Year 2018 – 2019 or before, must do the old-style programme. Old style students are not allowed to do new style courses unless

explicitly stated in this TER or in individual cases because of special circumstances with the approval of the Examination Board. The opportunity to do examinations for old style courses will be in accordance with article 3.1, par. 3 of this TER⁴.

2. The examination parts of the old-style programme are spread over three Academic Years, specified in B1, B2 and B3. Each course year has a study load of 60 EC. The examination parts per year are:

⁴ In the subsequent Academic Year after a course has been taught for the last time, there will be at least another two opportunities for written tests and at least another opportunity for other tests. Tests that cannot be offered again due to the nature of the test are tested in an alternative manner, considering the learning objectives of the examination part. Explicit transition rules on course level will be set before the start of Academic Year 2021 – 2022 and published at www.rsm.nl/transition-iba. Those transition rules will be part of this TER.

3. The further descriptions of the examination parts referred to in paragraph 2 including mandatory practical applications, as stated in the Canvas course manuals of the programme, constitute an integral part of these Teaching and Examination Regulations, without prejudice to the other provisions set out in these regulations.
4. The following applies to Trimester 7 elective options as referred to in paragraph 2:
 - a. If a student opts for a minor as referred to in paragraph 2, then the choice is restricted to the authorised minors of the *EUR Minor Overview*.
 - b. The electives mentioned in paragraph 2 may be chosen from internal or external electives only after approval by the Examination Board. The Examination Board will grant their permission if they conclude that the content and level of the elective(s) is of similar university level and supervised and assessed by university examiners. In this context, the Examination Board may establish and publish a Trimester 7 Electives list with approved courses and projects and further policies and approval procedures.
 - c. The courses of Trimester 7 should only have limited overlap at maximum of content with another course of the degree programme: for example, it is not allowed to do a second internship as an elective.
 - d. The International Exchange Programme must consist of at least 20 EC. In case the courses of the International Exchange Programme do not add up to 20 EC, the International Exchange Programme will not be registered as part of the degree programme, not as an International Exchange Programme nor as separate electives.
 - e. The maximum number of credits that can be achieved with a language elective is 5 EC.
 - f. The total size of Trimester 7 should not exceed 20 EC unless the exceeding is caused by the size of one course. If a student chooses to do the International Exchange Programme, then this examination part shall take precedence over any other examination part – such as a minor or internship – into the degree programme. In case a student completes more than 20 EC of approved courses counting towards the B3 Trimester 7 elective options (for instance a minor and an internship (or two minors) and a ≥ 5 EC elective or a 15 EC approved project and two 5 EC electives), then the student may choose which courses should be on the grade transcript of the programme (and should thus count towards the GPA). The other course(s) will appear on a separate transcript⁵. Students should request which elective they would like to appear on their diploma at least 6 weeks before their last remaining course grade is published in Osiris. Requests can be made via the Examination Board's online request form (<https://request-eb.rsm.nl/>). In case no choice is made, the electives – other than the International Exchange Programme – will be chosen in chronological order.
 - g. The appendix to this Regulation specifies the various combinations possible within Trimester 7.

Article 2.4 – exemption from mandatory practical applications

In exceptional cases such as a functional impairment, the Examination Board can grant exemption from the obligation to take part in a practical application. In that case, the Examination Board can decide that the practical application should be carried out in another way, to be determined by the Examination Board.

Article 2.5 –RSM Honours Programme

1. Next to the degree programme, the RSM offers an extra-curricular *RSM Honours Programme* for outstanding second-year students. The admission to the honours programme is selective. The selection procedure is transparent and published on the [RSM's current-students-website](#). Completion of the programme will be awarded with 15 extra-curricular EC. These credits will be listed on a separate certificate.
2. Extra-curricular courses do not count towards the degree programme and thus will not be stated on the grade list of the degree programme. The grades for these courses thus do **not** count towards the GPA that is listed on the grade list of the degree programme.

Section 3 – Taking Examinations

⁵ The student must file a request for this separate transcript at the ESSC

Article 3.1 – time periods and frequency of examinations; written test schedule; re-sits and extra exam opportunities

1. The opportunity to take written tests (except for bonus tests) as referred to in Article 1.3 is given twice per Academic Year: a regular test and a re-sit. The other test types as referred to in Article 1.3 can be taken at least once per year.
2. By way of derogation from paragraph 1 second sentence, in case a course is mainly or only assessed by other test types at least a re-sit or a reasonable improvement option⁶ is required.
3. In the event a course for which the instruction is the last to be taught in a specific Academic Year, the tests belonging to the course will be given in the subsequent Academic Year: written tests at least twice, other test types at least once. Tests that cannot be offered again due to the nature of the test are tested in an alternative manner, taking into account the learning objectives of the examination part.
Courses that belong to the B3 Elective space/Trimester 7 elective options are exempted from this rule: there will be no opportunity to re-sit these courses in the following academic year or thereafter.
4. With due observance of the provisions of the first paragraph, the student may retake a passed written test in the same Academic Year if a re-sit opportunity has been scheduled in the official exam timetable. The result for the test is established on the *highest test result* obtained.
As long as a student has not yet passed all courses of the degree programme, the student may improve the grade of a passed course in a following Academic Year; in that case the student must redo the whole course including all tests. The final result for the course will be established on the *highest result*⁷ obtained. If the material to be studied for a course has changed, the subsequent tests will reflect the new material.
5. Without prejudice to applicable regulations regarding a period free of examinations, and with due observance of the other provisions set out in these regulations, and of the R&G established by the Examination Board, the Programme Director establishes a written test schedule before the start of the academic year. In the event of urgent exceptional circumstances, the Programme Director can change the written test schedule during the academic year, provided that the change is announced in good time, and no later than the start of the registration period of the examination period concerned, via appropriate channels such as Sin-Online.
6. In exceptional cases the Examination Board can, at the request of the student, decide that an extra opportunity to take a test will be offered, in derogation from the schedule.
7. If no indication is given in these regulations concerning how many times per academic year an examination can be taken, because that examination relates to an examination part that is not taught in the programme, the provisions on this matter in the relevant Teaching and Examination Regulations are applicable, unless the Examination Board has made a decision in derogation from these, on the understanding that it must be possible to take the examination at least once per academic year.

Article 3.2 – form of the examinations

1. The examinations of the programme are taken according to the test types described in Article 1.3 sub f. of this regulation. Furthermore, attendance requirements may be set as a prerequisite for assessment, provided that this is well substantiated by the examiner and published in the course manual. At the request of the examiner, the Examination Board may allow deviations from this rule.
2. If the Examination Board decides that the form as referred to in the foregoing paragraph shall be different, it will announce this to the students, if possible, no later than two months before the examination is to be held.
3. The elaborations in the form of the examinations as referred to in paragraphs 1 and 2, stated in the most recent version of the Canvas course manual for each course, constitute an integral part of these Teaching and Examination Regulations, without prejudice to the other provisions set out in these regulations.
4. In exceptional cases the Examination Board may, at the request of the student, decide to permit derogations from the provisions set out in paragraphs 1 and 2.

⁶ The exact content of the re-sit or improvement option (for instance rules regarding applicability of option, for failed tests only, minimum grade requirement, cap on the grade, grade reduction) is at the discretion of the examiner. The examiner must include the rules for an improvement option in the course manual.

⁷ Final grades from before 1 September 2018 will only change in case a student improves the final grade with a retake of the course *after* September 2018.

5. Students with verifiable physical or mental impairments or specific learning difficulties that could have an effect on the ability to study, are offered the opportunity to take the examinations in a manner adapted as far as possible to their individual situation. The Examination Board will, if necessary, obtain expert advice before making a decision.

Article 3.3 – oral tests

1. No more than one person will be given an oral test at a time, unless the Examination Board has decided otherwise.
2. An oral examination is public, unless in an exceptional case the Examination Board or the examiner concerned has decided otherwise, or the student has objected to this.
3. An oral test should be assessed by at least two examiners or in the event of only one examiner, the assessment must be video and/or audio recorded. The Examination Board will archive the recorded file for two years after the assessment, or seven years in case of the Research Training/Bachelor Thesis.

Article 3.4 – sequence of examinations

1. Students may register for a minor as referred to in article 2.3a paragraph 2 or 2.3b paragraph 2 if they have obtained at least 60 EC of the programme.
2. Students may register for the internship as referred to in article 2.3a paragraph 2 or 2.3b paragraph 2 if they have successfully passed B1.
3. The examinations relating to the examination parts of B2 and B3 may not be taken before the first-year phase (B1) of the programme has been passed, unless and insofar the Examination Board has granted permission to proceed the programme based on article 9.3 and 9.4 TER.
4. Students may start their Track and the courses belonging to the Elective space if they have passed all components of B1.

Section 4 – Result of Examinations

Article 4.1 – determining, announcing and recording results of examinations; marking period

1. The examiner determines the result of an examination/test as referred to in Article 1.3 sub e. and f. as soon as possible. The following deadlines are in place:
 - a. The ultimate deadline for provisional grades is 15 working days after the examination/test for B1 courses and 20 working days for B2 and B3 courses. Provisional grades must be communicated via SIN Online or CANVAS grade centre.
 - b. The ultimate deadline for registration in OSIRIS of the definitive grades is 40 working days after the examination/test.
 - c. In case a resit takes place within a period of 45 working days after the original examination/test, the ultimate deadline for communicating and registration of the definitive grades is ten working days before the resit date.⁸
2. In deviation from paragraph 1 of this article, the examiner(s) determine(s) the result of an oral test immediately and give(s) the student a written notification of the grade.
3. In the event of *force majeure*, the Examination Board can permit derogation from the deadlines mentioned in the foregoing paragraphs.
4. The Student Administration checks compliance with the marking period, and in the event that it is likely to be exceeded, reports this in good time to the Chair of the Examination Board.
5. The examiner reports the result to the Student Administration which then informs the student of this in writing.
6. The Student Administration is responsible for recording the results of exams and examination parts. This Office also records what certificates have been presented to a student. No information about recorded data, with the exception of data about the certificates awarded, is given to anyone other than the student, the Examination Board, the Directors of the programme, the Executive Board, the student advisor, the student counsellor and the Examinations Appeals Board (CBE). With the permission of the student, there may be derogation from the provisions set out in the last sentence.
7. The involvement of the Student Administration as referred to in the previous paragraphs is without prejudice to the provisions in this matter determined by the Executive Board.

⁸ This is the case for the re-sits of B1 block 4: the re-sit dates are 4 weeks after the regular written test dates.

8. The written explanation concerning the result of an examination contains information about the way in which the student can lodge an appeal with the Examinations Appeals Board (CBE).

Article 4.2 – period of validity of examination components and granted exemptions

1. Unless otherwise mentioned, the term of validity for passed courses – including approved courses of another degree programme – and granted exemptions is in principle unlimited.
2. In derogation from the preceding paragraph and as long as the final IBA exam has not been passed yet, the Examination Board, in consultation with the Academic Director, may declare the term of validity of a course passed more than six years ago, expired if – in its judgement – the knowledge, insights or skills taught during the course have become obsolete. In that case, the Examination Board can impose an additional or alternative course or examination, before the student may pass the final IBA exam.
3. If the examination of a course is composed of more than one test, the term of validity of each test shall be limited to the academic year in which the tests are taken. In exceptional circumstances, upon substantiated request of the examiner, the Examination Board can approve derogation from this rule. Approved derogations must be explicitly mentioned in the course manual.

Article 4.3 – explanatory feedback session and perusal

1. As soon as possible but no later than 20 working days after the written test, and 15 working days in the case of a B1 course due to the binding study advice, the examiner will give explanatory feedback. The examiner will provide information about the content of the written test and the correct answers/answer models in an *explanatory feedback session* or via another approved medium (such as through Canvas). This offers students the opportunity to review the questions and assignments of the exam concerned, along with the answer models and criteria for assessment. The examiner sets the date, time and procedure of the explanatory feedback session. The explanatory feedback session must be realistically managed, and the use of appropriate media (such as Canvas) is allowed. In view of a good preparation of the explanatory feedback session, the exam questions and answers model(s) need to be posted on Canvas as soon as possible after a written test and no later than five working days after the test took place. Although with exception upon the examiner's request, the Examination Board may grant the examiner an exemption from posting the exam question on Canvas in the event of important reasons.
2. As soon as possible – or at the same explanatory feedback session – but no later than 20 working days after the explanatory feedback session (15 working days in case of a B1 course due to the binding study advice), students will have the opportunity to peruse their own assessed exam. The perusal takes place in principle on the basis of a (digital) copy only. A paper copy may be charged at cost price. The examiner may determine that the perusal is only for students who registered for it and/or who have attended the explanatory feedback session. The examiner sets the date, time, location and procedure of the perusal. In case of a 100% multiple-choice-test and the questions, answer key and multiple-choice-answer forms are available to the student, the examiner is exempted from organizing the perusal.
3. In the event that a student can demonstrate that he/she was prevented from being present at the assigned location and time for the explanatory feedback session or the perusal due to force majeure, at the request of the student an alternative opportunity will be offered, if possible within the term mentioned in paragraph 2.

Article 4.4 - archiving period of written tests and final exam

1. The assignments, answers and the assessment of the written tests will be archived (in paper or electronic form) for two years after the assessment.
2. The exam protocol, test key, pass mark, test questions/assignments and evaluation of the written tests are stored (in paper or digital form) for seven years after the examination.

Section 8 – Study Counselling

Article 8.1 – study counselling and advice

1. The Student Administration is responsible, without prejudice to the respective provisions of the Executive Board, for recording the study results in such a way that each student can be given an overview at least once per quarter of the results that he/she has obtained in relation to the study and exam programme of the programme.
2. The Dean is responsible for the study counselling of students who are enrolled for the programme, partly to assist their orientation towards possible study paths within and outside the programme.

Section 9 – The Binding Study Advice ¹¹

Article 9.1 – Binding Study Advice (BSA), BSA-norm

1. On the grounds of article 7.8b, paragraph 3 of the Act, on behalf of the Dean, the Examination Board issues a binding study advice at the end of the study year, as long as the student has not yet passed or has been exempted from the first-year phase (B1) of the programme.
2. Unless otherwise mentioned in these TER, at the end of the first year of enrolment all examination parts of the degree programme of the first year (B1) must have been passed. In this regard, exempted or compensated parts are considered to be passed.
3. When a student fails to comply with the binding study advice norm as referred to in paragraph 2 of this article, he/she will receive a negative binding study advice, which means he/she is prohibited to further studies. This rejection is given only if the student, with due consideration of his/her personal circumstances as referred to in Article 9.3 paragraph 2, is regarded as not suited for the programme. This prohibition is valid for a period of three academic years. If, after the end of this period, an old-style programme student re-registers for the programme, in derogation from Article 2.3b, par. 1 of these TER, he/she must follow the new style programme as from 1 September 2019. The same goes for old style programme students who cancelled their first registration for B1 before 1 February 2019 and who re-register as from 1 September 2019 or later: they too must start the new style programme, in derogation from Article 2.3b, par. 1 of this TER.
4. The binding study advice shall be issued after the last re-examination of the examination parts of the first-year phase (B1) at the end of the academic year, before the start of the new academic year. In case of personal circumstances, the Examination Board may postpone the binding study advice until the end of the second year of enrolment, before the start of the new academic year.

Article 9.2 – student counselling and monitoring of students' progress

1. During the first year of enrolment, the Examination Board issues on at least two occasions – from which at least one occasion before 1 February – a provisional binding study advice regarding continuation of studies to those students who, on the grounds of the number of passed courses, are not expected to fulfil the norm stated in article 9.1, paragraph 2 of these regulations.
2. The further regulation of student counselling and monitoring of students' progress during the first-year phase (B1) is described in the Undergraduate Course Guide for the programme.

Article 9.3 – exception to the BSA-norm in case of personal circumstances

1. On behalf of the Dean, the Examination Board can adjust the norm as referred to in article 9.1, paragraph 2, on the base of an individual study plan, provided that the student must pass all examination parts of the degree programme of the first year (B1) at the end of the second year of enrolment.

¹¹ In view of the exceptional situation as a result of the corona pandemic, the regular BSA-norm has been adjusted for students from the 2020-2021 cohort. The norm for this cohort has been adjusted downwards to 51 EC at the end of Academic Year 2020-2021. For full details, reference is made to the [RSM website](#).

The Examination Board shall decide as soon as possible, but in any case, within 20 working days after submission of the individual study plan, taking into account the circumstances, the study delay and the possibility of the student to continue the programme. In case the development of the personal circumstances gives cause to, the Examination Board can adjust the individual study plan and the norm on motivated request of the student and after consultation with the student adviser.

The adjusted norm will be expressed in whole EC credits or number of courses, specifying the period within which the adjusted norm must be met.

2. The personal circumstances that are taken into consideration when the recommendation regarding the continuation of studies is issued are:
 - disease, sickness, handicap, disability or pregnancy of the student concerned;
 - special family circumstances;
 - membership of the University Board, the Faculty Council or the Programme Committee;
 - other circumstances as referred to in article 2.1 of the Implementation Decree of the Higher Education and Research Act (*WHW*).
3. A student who, as a result of personal circumstances, can reasonably be expected to incur prolongation of the programme must report this in good time to the student adviser. The purpose of this report is to restrict the prolongation of the programme as a result of the circumstances and, if necessary in the opinion of the student adviser, to formulate an individual study plan. The report is made in good time if it is made within four weeks of the commencement of the circumstances. If the circumstances are such that the student or the manager of his/her affairs does not have the opportunity to report this within four weeks, the reporting in good time or otherwise will be assessed in the light of those circumstances.
If the individual study plan also implies that the first year (B1) cannot be completed within the first year of enrolment, then the individual study plan needs to be submitted to the Examination Board for approval no later than two weeks before the end of the first academic year.

Article 9.4 –derogation from the BSA-norm in case of hardship

1. In case a student fails to comply with the binding study advice norm as referred to in Article 9.1, paragraph 2 and Article 9.3 is not applicable, but at the same time application of the norm as referred to in article 9.1, paragraph 2, would be onerous because it cannot be sustained that the student must be regarded as unsuited for the programme, the Examination Board can derogate from the norm on behalf of the Dean. For the purpose of this hardship exemption, the Examination Board will take all students (freshmen only) with one non-compensable insufficient grade or two fails into consideration at the end of the academic year, but no later than the start of the new academic year. Decisive factors for application of the hardship exemption are:
 - the student must have participated in all exam opportunities,
 - the average grade, and
 - the overall picture of the study performance of the student.
2. If application of the rules of this Section results in any other way in unreasonable or unfair situations with respect to the student or a group of students, the student or group of students concerned may submit a written and reasoned and substantiated request for derogation from the said rules to the Examination Board. On behalf of the Dean and after consultation with the student adviser, the Examination Board can derogate from these rules in favour of the student or group of students.
3. Students who may continue their study on the basis of hardship will receive a definitive binding study advice at the end of the first year of enrolment, before the start of the new academic year. However, they still must complete B1 before they may pass the final exam (with the application of the compensation rule).

Article 9.5 – content and form of the binding study advice

The binding study advice is issued by e-mail (student account address) and contains:

- a. the norm that applies for the student concerned, expressed in the number of EC and/or courses of the first-year phase (B1) to be obtained;
- b. the number of credits and/or courses of the first-year phase (B1) obtained;
- c. if the norm has not been met, the personal circumstances that have been taken into consideration;
- d. whether a rejection has been asserted (i.e. negative binding study advice), as referred to in article 7.8b, paragraph 3 of the Act;

- e. in case of a negative binding study advice:
 - the information that the student may not enrol as a student or external student for the programme for the next three academic years,
 - advice about continuation of studies within or outside the Erasmus University Rotterdam;
- f. the possibility to lodge an appeal to the Examination Appeals Board (*CBE*) and the period within which the appeal must be lodged.

Section 10 – Final and Implementation Provisions

Article 10.1 - amendments

1. Amendments to these regulations will be adopted by the dean through a separate decree.
2. No amendments will be made that are applicable to the current academic year, unless the interests of the students are, in reason, not thereby prejudiced.
3. Moreover, amendments must not influence, to the detriment of the students any other decision, which has been taken with respect to a student by the Examination Board by virtue of these regulations.

Article 10.2 - hardship clause

In very exceptional individual circumstances, in which application of one or more of the provisions set out in these regulations leads to evidently unreasonable and/or unfair situations with regard to a student, a student can submit a request in writing, and with reasons, for derogation from the said provision(s) to the Examination Board. The Examination Board may, after consulting the relevant examiner(s) and the student advisor or student counsellor, derogate from the said provision(s) in favour of the student. A decision to reject the student's request will not be made by the Examination Board until the applicant has been given the opportunity to present his or her case, if this is requested.

Article 10.3 – announcement

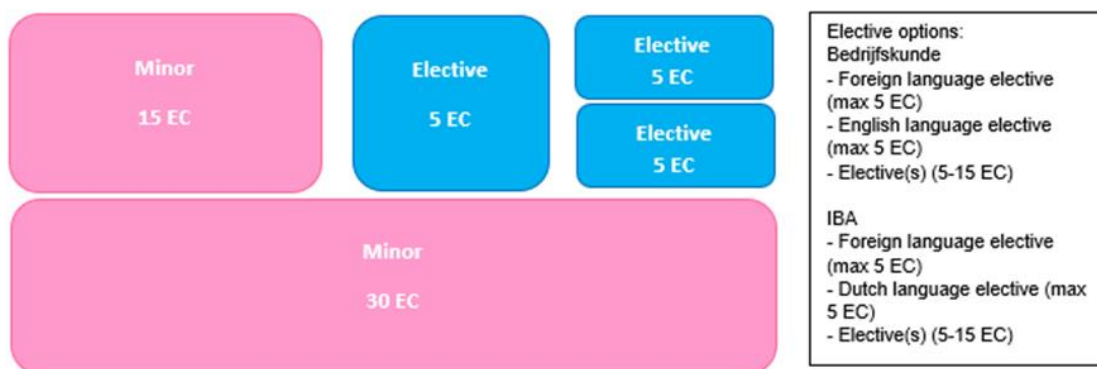

The dean is responsible for an appropriate announcement of these regulations and of amendments to these documents.

Article 10.4 – entry into force

These regulations enter into force on 1 September 2021.

Appendix Double Degree in IBA and Philosophy

1. General

Together, Rotterdam School of Management and Erasmus School of Philosophy offer a Double Degree in International Business Administration and Philosophy. Students in this programme obtain two degrees in four years: a Bachelor of Science (BSc) in International Business Administration and a Bachelor of Arts (BA) in Philosophy of a specific discipline.

2. Programme lay-out

The Double Degree with Philosophy curriculum contains 90 European credits (EC) with the possibility to use the minor (15 EC) for both the Bachelor's in International Business Administration and the Philosophy programme. The obtained grade for the minor counts towards your GPA.

For the International Business Administration programme, students are required to complete 30 EC in elective credits. Students of the Double Degree programme can obtain these credits by following the minor at FW (First Things: The Power of Philosophy of Doing Philosophy of Science) and they are exempt from obtaining the remaining 15 EC. To get this exemption (which will not count towards your GPA), students are obliged to submit a request through the [Online request form](#) of the Examination Board of RSM. It is important to submit this request to the Examination Board timely, in order for them to officially grant and process the exemption in time.

Students will write a thesis for ESPhil only. At RSM, they will complete a track by conducting the Bachelor Project.

3. Practical

To avoid overlap with lectures and seminars of the Bachelor of International Business Administration, most lectures of the Philosophy curriculum are scheduled in the evening.

4. Application, tuition

Students who have successfully completed the first year of their Bachelor's in International Business Administration can apply for the Double Degree with Philosophy. There are no additional tuition fees as long as you follow a bachelor or master programme at Erasmus University Rotterdam. In case students finish their Bachelor's in International Business Administration before finishing the Double Degree with Philosophy programme and do not enrol in a Master at a Dutch university they will pay the institutional fee, that equals the statutory fee (€ 2.168,- in 2021/2022).
